Management's Discussion and Analysis (Unaudited)  
December 31, 2015 and 2014**

---

Parking Authority of the City of New Brunswick, New Jersey (the "Authority"), is a public body, corporate and politic, organized and existing under the provisions of New Jersey Law of 1948, New Jersey Statutes Annotated 40:11A. The Authority was created by an ordinance of the City of New Brunswick (the "City") adopted August 3, 1948 to develop, operate and maintain parking facilities within the City of New Brunswick. The following Management's Discussion and Analysis of the activities and financial performance of the Authority provides an introduction to the financial statements of the Authority for the years ended December 31, 2015 and 2014. Please read it in conjunction with the Authority's financial statements and accompanying notes to financial statements.

**Accountability**

Parking Authority of the City of New Brunswick's mission statement is to contribute to the vitality of the City of New Brunswick by:

- Providing and maintaining parking services and facilities that are clean, safe and affordable
- Serving the parking public
- Promoting the free flow of traffic
- Valuing the customers and residents served

This is accomplished by the Authority constructing, maintaining and operating off-street parking facilities, promoting traffic improvements, improving conditions affecting public safety and welfare and following an 11 point standard of service, with the basis being to promote the businesses and services within the City of New Brunswick and respecting and exceeding our customers, coworkers and the general public's expectations.

The Authority is also responsible for the operation of on-street parking meters and the management of related facilities, as well as the lease and rental of business/commercial properties owned by the Authority. The Authority's duties also include maintenance of the Commercial Business District and management of the New Jersey Transit Park and Ride.

**Future Economic Outlook**

The local economy continues to grow to which the Authority is seeing a continuing increase in the usage of its parking facilities.

Residential housing projects have been recently completed and others are in progress to be completed. This increase in housing has added to the demand for overnight parking within our parking facilities.

The Authority installed new single space meters and implemented progressive parking rates at its on street metered spaces. This has resulted in a 20 percent increase in meter revenue as well as an increase in credit card usage, allowing for a reduction in expenses within the cashier department.

In 2016, overall revenues should continue to increase and expenses should remain fairly consistent to 2015 figures.

All retail and commercial rental space is now fully leased up and all tenants are paying rents on time.

New Brunswick is the second busiest NJ Transit train station along the northeast corridor line. Many commuters use the Authority's garages to park in order to take trains into New York City and Philadelphia.

**Financial Highlights**

- Unrestricted cash and cash equivalents increased by approximately \$256,000
- During 2015, the Authority made principal payments on bonds payable aggregating \$4,650,000
- Capital asset additions are comprised of renovations to parking facilities, build out of the administrative office and other leasehold improvements reduced by depreciation expense. As a result, capital assets decreased in the aggregate by approximately \$4,966,000, during 2015
- Operating revenue increased by approximately \$2,878,000
- Operating expenses decreased by approximately \$1,393,000

**Parking Authority of the City of New Brunswick  
Management's Discussion and Analysis (Unaudited)  
December 31, 2015 and 2014**

---

- The Authority implemented two new Governmental Accounting Standards Board (“GASB”) Statements in the current year that significantly changed the current year’s presentation.
  - The Authority adopted GASB No. 68, *Accounting and Financial Reporting for Pensions, An Amendment of GASB No. 27* during 2015. The pronouncement requires the Authority to record its proportional share of the State of New Jersey's net pension liability on the face of its financial statements as of December 30, 2015 and to record related pension expense in accordance with the pronouncement.
  - The Authority adopted GASB No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, during 2015. The pronouncement requires the Authority to restate its beginning net position to reflect the beginning balance of the net pension liability recorded in accordance with GASB No. 68. Also, in accordance with GASB No. 71, the Authority restated its Net Position for pension contributions made after the beginning net pension liability measurement date of December 31, 2013 (deferred outflows).
  - Implementation of these standards had a significant impact on the reported financial results of the Authority. Beginning net position at January 1, 2014 was reduced by \$8,898,006, which comprised a pension liability addition of \$8,898,006. Additional pension expense of \$100,057 was recorded during 2014 resulting in a total adjustment to beginning net assets at January 1, 2015 of \$8,998,063.

**Overview of the Financial Statements**

The Authority is a self-supporting entity and follows enterprise fund reporting. The Authority’s financial statements are presented using the economic resources measurement focus and the accrual basis of accounting in accordance with generally accepted accounting principles as promulgated by the Government Accounting Standards Board. Enterprise fund statements reflect short and long-term financial information about the activities and operations of the Authority. These statements are presented in a manner similar to a private business.

**Required Financial Statements**

The statements of net position include all of the Authority’s assets and liabilities and provide information about the nature and amounts of investments in resources (assets) and the obligations to the Authority’s creditors (liabilities). They also provide the basis for computing rate of return, evaluating the capital structure and assessing the liquidity and financial viability of the Authority. The statements of revenues, expenses and changes in net position account for all of the Authority’s revenues and expenses. These statements measure the Authority’s operations over the past year and can be used to determine whether the Authority has successfully recovered all of its costs through its charges for services. These statements also measure the profit and credit worthiness of the Authority. The statements of cash flows provide information about the Authority’s cash receipts and cash payments during the reporting period. These statements report cash receipts, cash payments and net changes in cash resulting from operating activities, capital and related financing activities and investing activities.

**Changes in Net Position**

Changes in the Authority's net position can be determined by reviewing the following condensed statements of revenues, expenses and changes in net position for the years ended December 31, 2015 and 2014:

	<b>2015</b>	<b>2014 (Restated)</b>
<b>Revenue</b>		
Operating revenue		
Charges for services	\$ 31,223,892	\$ 28,346,227
Non-operating revenue		
Interest earned on investments	38,325	38,417
Interest earned on promissory notes receivable	1,709,193	2,882,455
Gain on sale of capital assets	2,839,779	--
Grant revenue	<u>1,000,000</u>	<u>1,000,000</u>
	36,811,189	32,267,099
<b>Expenses</b>		
Operating expenses		
Cost of providing services	7,816,882	10,356,539
Administrative and general	2,065,649	2,114,908
Depreciation	6,374,889	5,341,228
Pension expense, net - GASB 68 adjustment	262,231	100,057
Non-operating expenses (revenues)		
Interest expense, net	14,194,337	13,370,028
Amortization of bond premiums	(349,428)	(349,429)
Amortization of bond discounts	34,552	34,554
Payment in lieu of taxes ("PILOT")	<u>4,500,000</u>	<u>4,150,000</u>
	<u>34,899,112</u>	<u>35,117,885</u>
Change in net position	<u>\$ 1,912,077</u>	<u>\$ (2,850,786)</u>

The Authority realized an increase in revenues from operations (charges for services) of approximately \$2,878,000, an increase of 10 percent over 2014. In 2010 the Authority was awarded a grant from the New Jersey Department of Transportation ("NJDOT") towards construction of the Gateway Project. The grant will be a total of \$14,000,000 to be paid over 14 fiscal years. The Authority realized \$1,000,000 of grant revenue for each of the years ended December 31, 2015 and 2014. The Authority sold one of their parking decks and certain other capital assets during 2015 resulting in a gain on sale of approximately \$2,840,000. Lastly, the Authority earned interest income of approximately \$1,748,000 and \$2,921,000 for the years ended December 31, 2015 and 2014, on their outstanding promissory notes receivable and investments. As a result, overall revenue increased by approximately \$4,544,000 from 2014 to 2015, an increase of 14 percent.

The Authority incurred a decrease in expenses from operations of approximately \$1,393,000, a decrease of approximately 8 percent over 2014 which was a result of decreases in rent and occupancy of approximately \$1,935,000 which was due to the usage fee no longer being charged, decreases in utility expense of approximately \$242,000 and decreases in salaries and benefits of approximately \$269,000 and other costs of \$178,000 offset by increases in depreciation expense of approximately \$1,034,000 and pension expense, net – GASB 68 adjustment of approximately \$162,000. Non-operating expenses increased over the prior year by approximately \$1,174,000 which was a result of increase in PILOT expense of \$350,000 and increase in interest expense, net of \$824,000 offset by other minor changes. Overall expenses decreased by approximately \$219,000, a decrease of 1 percent over 2014.

**Parking Authority of the City of New Brunswick  
Management's Discussion and Analysis (Unaudited)  
December 31, 2015 and 2014**

---

**Budget to Actual Analysis**

The schedule of operating revenue and costs funded by operating revenue compared to budget is included on page 39. For 2015, the Authority recognized revenue of approximately \$35,102,000, which was a 9 percent increase over the 2015 budgeted revenue amount of approximately \$32,199,000. Personnel and related expenses were under budget by approximately \$210,000. Other expenses ended over budget by approximately \$253,000. Overall operating expenses ended the year over budget by approximately \$43,000. Overall, the Authority recognized an increase in net position of approximately \$3,584,000 for items which are included in the budget, as compared to the budgeted surplus amount of approximately \$1,142,000.

**Capital Asset and Debt Administration**

The Authority's capital assets consisted of the following at December 31:

	2015	2014	%Increase (Decrease)
Land	\$ 34,054,575	\$ 34,054,575	0.00%
Equipment	4,103,155	3,571,928	14.87%
Parking facilities and renovations	251,164,913	250,339,636	0.33%
Software	35,255	--	100.00%
Signage	<u>51,447</u>	<u>51,447</u>	0.00%
	289,409,345	288,017,586	0.48%
Accumulated depreciation	<u>(44,402,336)</u>	<u>(38,044,328)</u>	16.71%
	<u>\$ 245,007,009</u>	<u>\$ 249,973,258</u>	<u>-1.99%</u>

Overall, net capital assets decreased by approximately \$4,966,000 from 2014 to 2015. The decrease in capital assets is due predominantly to depreciation expense of approximately \$6,375,000 offset by purchases of capital assets of approximately \$1,409,000.

Additionally, the Authority had approximately \$1,928,000 of assets classified as assets held for sale in 2014. The property associated was sold during 2015 resulting in a gain of approximately \$2,822,000.

**Debt Outstanding**

The Authority had the following debt outstanding at December 31:

	2015	2014	%Increase (Decrease)
Revenue bonds payable	\$ 242,686,172	\$ 247,651,048	-2.00%
Notes payable	60,781,722	60,781,722	100.00%
Bonds anticipation notes payable	<u>3,525,000</u>	<u>3,525,000</u>	0.00%
	<u>\$ 306,992,894</u>	<u>\$ 311,957,770</u>	<u>-1.59%</u>

Revenue bonds payable decreased due to payment of principal in the current year of approximately \$4,650,000 offset by the net amortization on premium and discount amortization.

**Contacting the Authority's Management**

This financial report is designed to provide the residents and taxpayers of the City of New Brunswick, and the Authority's customers, investors and creditors, with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the money it receives. If you have any questions about this report or need additional information, please contact the Parking Authority of the City of New Brunswick, 106 Somerset Street, New Brunswick, New Jersey 08901.

## INDEPENDENT AUDITORS' REPORT

The Honorable Chairman and Authority Commissioners  
Parking Authority of the City of New Brunswick  
106 Somerset Street  
New Brunswick, New Jersey 08901

### Report on the Financial Statements

We have audited the accompanying financial statements of Parking Authority of the City of New Brunswick (the "Authority"), a proprietary fund, which comprise the statements of net position as of December 31, 2015 and 2014, and the related statements of revenues, expenses and changes in net position and cash flows for the years then ended, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the audit requirements as prescribed by the State of New Jersey, Department of Community Affairs, and Division of Local Government. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Parking Authority of the City of New Brunswick as of December 31, 2015 and 2014, and the respective changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter – Change in Accounting Principle**

As discussed in Note 13 to the financial statements, during the fiscal year ended December 31, 2015, the Authority adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71 *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment to GASB Statement No. 68*, which represents a change in accounting principle. As discussed in Note 13 to the financial statements, as of July 1, 2014, the Authority's net position was restated to reflect the impact of the change in accounting principle. Our opinion is not modified with respect to this matter.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated May 9, 2016 on our consideration of Parking Authority of the City of New Brunswick's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of the Authority's proportionate share of the net pension liability – PERS and schedule of Authority Contributions – PERS as presented in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of operating revenue and costs funded by operating revenue compared to budget, Wellness Center Project revenues and expenses and Gateway Project revenues and expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of expenditures of state financial assistance, findings and questioned costs and prior year audit findings and questioned costs are presented for purposes of additional analysis as required by the *State of New Jersey, Department of the Treasury, Single Audit Policy Circular 15-08-OMB*, and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records use to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of operating revenue and costs funded by operating revenue compared to budget, Wellness Center Project revenues and expenses, Gateway Project revenues and expenses and the schedule of expenditures of state financial assistance, and schedule of findings and questioned costs are fairly stated in all material respects in relation to the financial statements as a whole.

*Withum Smith + Brown, PC*

# **Parking Authority of the City of New Brunswick**

## **Notes to Financial Statements**

### **December 31, 2015 and 2014**

---

#### **1. Summary of Significant Accounting Policies**

Significant accounting policies followed by Parking Authority of the City of New Brunswick (the "Authority") in the preparation of the accompanying financial statements are summarized below.

##### **Nature of Business**

Parking Authority of the City of New Brunswick is a public body, corporate and politic, organized and existing under the provisions of New Jersey Law of 1948, New Jersey Statutes Annotated 40:11A. The Authority was created by an ordinance of the City of New Brunswick (the "City") adopted August 3, 1948 to develop, operate and maintain parking facilities within the City of New Brunswick.

Pursuant to the mandates of the "Local Authorities Fiscal Control Law" (N.J.S.A. 40AA:5-1 et seq.) the Authority is considered an independent entity, and is required to submit audited financial statements, on an annual basis, to the State of New Jersey, Department of Community Affairs, Division of Local Government Services ("DCA"). Although the Authority's members are appointed by the Governing Body of the City of New Brunswick (the "City"), the legal form of the Authority is that it is not financially accountable to the City and no service contract with the City exists for specific services to be performed. As a result, the financial statements of the Authority are not included in those of the City of New Brunswick. The Authority has neither stockholders nor equity holders. As a public body, under existing statute, the Authority is exempt from federal, state and local taxes.

##### **Basis of Presentation**

The Authority's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting in accordance with generally accepted accounting principles as promulgated by the Government Accounting Standards Board ("GASB"). Enterprise fund statements reflect short and long-term financial information about the activities and operations of the Authority. These statements are presented in a manner similar to a private business.

In its accounting and financial report, the Authority follows the pronouncements of GASB. In addition, the Authority follows the pronouncements of all applicable Financial Accounting Standards Board ("FASB") Statements and Interpretations, Accounting Principles Board ("APB") Opinions and Accounting Research Bulletins ("ARBs") of the Committee on Accounting Procedures unless they conflict with or contradict GASB pronouncements.

##### **Budget**

The annual budget serves as the foundation for the Authority's planning and control. Management prepares a proposed budget, which is presented to the Authority's Board of Commissioners for review and approval. Prior to adoption by the Board of Commissioners, these budgets are reviewed and legally approved by the DCA. See schedule of operating revenue and costs funded by operating revenue compared to budget.

##### **Net Position**

Net position represents the difference between assets, deferred outflows, liabilities, and deferred inflows in the government-wide financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net positions are reported as restricted in the financial statements when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Unrestricted net position is not subject to externally imposed stipulations.

##### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include the allowance for doubtful accounts, the useful lives of capital assets and depreciation expense, and the net pension liability.

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

---

**Assets Whose Use is Limited**

Assets whose use is limited include assets held by trustees under bond indenture agreements. Investments included within assets whose use is limited are recorded at fair value. The fair value of these investments is determined by reference to quoted market prices.

**Promissory Notes Receivable**

Promissory notes receivable are recorded at amortized cost. The Authority estimates an allowance for doubtful accounts based on current market conditions, creditworthiness of the borrower and the industry in which the borrower operates. No allowance was required as of December 31, 2015 and 2014.

**Capital Assets, Net**

Capital assets are stated at cost. Depreciation and amortization is provided under the straight-line method based upon the following estimated useful lives:

<b>Description</b>	<b>Estimated Life (Years)</b>
Equipment	5
Signage	5
Software	5
Parking facilities and renovations	10-40

Major replacements and improvements of property and equipment are capitalized. Minor replacements, repairs and maintenance are charged to expense as incurred. Upon retirement or sale, the cost of the assets disposed and the related accumulated depreciation are removed from the accounts and any resulting gain or loss is recorded in change in net position.

**Impairment of Capital Assets**

In accordance with the provisions of the pronouncement related to accounting and financial reporting for impairment of capital assets, the Authority assesses capital assets for impairment whenever events or changes in circumstances indicate that the service utility of the capital asset have both significantly and unexpectedly declined. For the years ended December 31, 2015 and 2014 management has determined that there was no impairment of capital assets.

**Concentration of Credit Risk**

At December 31, 2015, one customer accounted for approximately 63 percent of accounts receivable and for the year ended December 31, 2014, two customers accounted for approximately 49 percent of accounts receivable. For the year ended December 31, 2015, one customer accounted for approximately 21 percent of total operating revenue. For the year ended December 31, 2014, one customer accounted for approximately 16 percent of total operating revenue.

**Revenue Recognition**

*Operating revenues*

Operating revenue is recognized when services are performed. The Authority generates revenue by offering daily/hourly parking in its facilities. Patrons have the ability to purchase monthly parking at Authority garages. The Authority controls all on-street meters within the City limits. By enforcing on-street parking, the Authority issues the tickets and collects revenue from enforcement of those tickets. The court then enforces the ticket and pays a portion of the revenue back to the Authority. Rental revenue is earned by leasing space within the Gateway Project garage and the Wellness Center Project garage. Off street parking is enforced by the Authority whereby tickets are written and collected by the Authority. Tickets that are not paid within two weeks are sent to the court and a summons is issued. The Authority has several parking management agreements with private entities in New Brunswick for which the Authority manages and operates their parking facilities for a management fee, which is recorded when earned on a monthly basis. The Authority also has a management agreement with New Jersey Transit to manage and operate its Jersey Avenue Park n' Ride.

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

---

*Non-operating revenues*

Non-operating revenues consist of interest income on assets whose use is limited, interest income on promissory notes receivable, gains on sale of capital assets and grant revenue under a contract with the State of New Jersey. Interest income is recognized when earned and is accrued if unpaid. Grant revenue is recognized to the extent that expenditures have been incurred for the purpose specified by the grantor during the period. Gains on capital assets are recognized when the sale price of the capital asset exceeds the net book value of the asset and are recognized on date of sale.

**Cash and Cash Equivalents**

The Authority considers all highly liquid investments with an initial maturity of three months or less at the date of acquisition to be cash equivalents.

**Inventory**

Inventory is stated the lower of cost or market using the average cost method. Inventory consists mainly of supplies and equipment which were purchased but unused at year end.

**Prepaid Operating Lease**

The prepaid operating lease is amortized using the effective interest method over the term of the lease agreement which is 75 years.

**Bond Discount and Premiums**

Discounts and premiums on bonds are amortized over the term of the related bond using the effective interest method.

**Deferred Rent**

The Authority has leases with escalating rent payments and rent abatement. Rental income and rental expense is recorded on a straight line basis over the life of the lease and the resulting accrual (deferral) is recorded as an asset (liability) on the statements of net position.

**Interest Expense, Net**

The Authority records interest in the period incurred. Interest subsidy payments received in connection with the series 2010 Build America Bonds ("BAB") guaranteed parking revenue bonds and the series 2010 Recovery Zone Economic Development Bonds ("RZEDB") guaranteed parking revenue bonds, are offset against the related interest cost incurred. Interest consists of the following for the years ended December 31:

	<b>2015</b>	<b>2014</b>
Interest charged to expense	\$ 18,248,704	\$ 17,428,768
Less: Interest rebate	<u>(4,054,367)</u>	<u>(4,058,740)</u>
	<u>\$ 14,194,337</u>	<u>\$ 13,370,028</u>

**Deferred Outflows/Inflows of Resources**

GASB Statement Number 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* establishes standards for reporting deferred outflows of resources, deferred inflows of resources, and net position.

Deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred inflow of resources represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then

The Authority's deferred outflows and deferred inflows are a result of its participation in the pension plan (see Note 13).

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

---

**New Account Pronouncements**

The Authority adopted GASB No. 68, *Accounting and Financial Reporting for Pensions, An Amendment of GASB No. 27* during 2015 as required by the pronouncement. The pronouncement requires the Authority to record its proportional share of the State of New Jersey's net pension liability on the face of its financial statements as of December 31, 2015 and 2014 and to record related pension expense in accordance with the pronouncement. In order to correctly reflect pension expense in accordance with GASB No. 68, the beginning net position of the Authority was adjusted to reflect the beginning balance of the net pension liability. Since the measurement date of the net pension liability is June 30, 2014 (as described in Note 13), the restatement adjustments to net position relate to the beginning net pension liability measured as of June 30, 2014.

As a result of these adjustments, the opening net position was reduced by \$8,962,779, which comprised a pension liability addition of \$8,898,006, additional pension expense of \$35,284 in 2014, along with pension deferred outflows of \$467,603 and pension deferred inflows of \$532,376.

**2. Cash, Cash Equivalents and Investments**

**Deposits**

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation or any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund (the "Fund").

The Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities which mature within two years provided, however, the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required. In addition, by regulation of the DCA, authorities are allowed to invest in government money market mutual funds purchased through state registered brokers/dealers and banks.

In accordance with the provisions of the Governmental Unit Deposit Protection Act of New Jersey, public depositories are required to maintain collateral for deposits of public funds that exceed insurance limits as follows: The market value of the collateral must equal five percent of the average daily balance of public funds or; if the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent. All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The Authority deposits funds within 48 hours of receipt in accordance with local statutes.

**Investments (Assets Whose Use is Limited)**

New Jersey statutes permit the Authority to purchase the following types of securities:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States;
2. Government money market mutual funds;
3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided such obligations bear a fixed rate of interest not dependent on any index or other external factor;
4. Bonds or other obligations of the local unit or bonds or other obligations of Authority districts of which the local unit is a part or within which the Authority district is located;
5. Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, approved by the Division of Investment in the Department of the Treasury for investment by local units;
6. Local government investment pools;
7. Deposits with the State of New Jersey Cash Management Fund established pursuant to Section 1 of P.L. 1997, c. 281 (C.52:18A-90.4); or

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

---

8. Agreements for the repurchase of fully collateralized securities, if:
- The underlying securities are permitted investments pursuant to paragraphs (1) and (3);
  - The custody of collateral is transferred to a third party;
  - The maturity of the agreement is not more than 30 days;
  - The underlying securities are purchased through a public depository as defined in P.L. 1970, c. 236 (C.19:9-41) and for which a master repurchase agreement providing for the custody and security of collateral is executed.

Investments at December 31, 2015 and 2014 consist of direct obligations of the U.S. Government and certificates of deposit and are included in assets whose use is limited in the statements of net position.

Based upon existing investment policies, the Authority is generally not exposed to interest rate risk as investments mature one year or less or are held to maturity. All current investments or underlying investments are U.S. Treasury bills or certificates of deposit, thereby mitigating credit risk, concentration of credit risk and interest rate risks nor are its deposits and investments exposed to foreign currency risks.

**3. Accounts Receivable and Credit Policy**

Receivables are unsecured, non-interest bearing obligations due from customers under terms requiring payment within fifteen to forty-five days. Payments of accounts receivable are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified on the remittance advice, payments are applied to the earliest unpaid invoices.

The carrying amount of receivables is reduced by a valuation allowance that reflects management's best estimate of the amount that will not be collected. Management individually reviews all accounts receivable balances that exceed 90 days from invoice date and, based on an assessment of current creditworthiness estimates the portion, if any, of the balance that will not be collected.

Accounts receivable, net consisted of the following at December 31:

	<b>2015</b>	<b>2014</b>
Accounts receivable	\$ 3,058,089	\$ 2,538,629
Allowance for doubtful accounts	<u>(28,815)</u>	<u>(983,316)</u>
Accounts receivable, net	<u>\$ 3,029,274</u>	<u>\$ 1,555,313</u>

**4. Promissory Notes Receivable**

In December 2010, the Authority issued three promissory notes receivable in connection with the construction on the Gateway Project amounting to \$12,786,160, \$24,732,590 and \$11,347,995, for a total of \$48,866,745 with Somerset Street Associate 2, LLC ("SSA2"). The loans are secured by a collateral assignment of the mortgage on the project. The notes accrue interest only until January 1, 2018. Beginning April 1, 2018 the borrower shall make quarterly payments of principal and interest. The notes bear interest at 5.63 percent and mature April 1, 2041. On August 29, 2014, the promissory note receivable of \$24,732,590 plus accrued interest was relieved through the conveyance of title of the Gateway Project parking garage.

In September 2011, the Authority issued one promissory note receivable in connection with the construction on the Wellness Center Project amounting to \$22,047,700 with Ferren Leverage Lenders, LLC ("FLL"). The loan is secured by a collateral assignment of the Wells Fargo Pledge agreement pursuant to which FLL has granted a first priority security interest in all of the rights to the interest in the pledge collateral as defined in the agreement. The note accrues interest only until October 1, 2018. Beginning January 1, 2019, the borrower shall make quarterly payments of principal and interest. The note bears interest at 1.00 percent and matures on September 1, 2041.

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

---

Promissory notes receivable consisted of the following at December 31:

	<b>2015</b>	<b>2014</b>
Recorded investment	\$ 49,042,264	\$ 49,040,858
Unpaid principal balance	\$ 46,181,855	\$ 46,181,855
Related allowance	\$ --	\$ --
Interest income recognized	\$ 1,709,193	\$ 2,882,455
Accrued interest income	\$ 2,860,409	\$ 2,859,003

The recorded investment includes accrued interest. There was no allowance for loan losses for the years ended December 31, 2015 and 2014 as none of the loans are on nonaccrual status.

**5. Assets Whose Use is Limited**

In accordance with the 2006, 2010 and 2012 bond resolutions, the Authority has established the following cash and investment accounts for the deposit of proceeds from bond issuances received by the Authority:

General Account – The balance of restricted assets, if any, remaining after all the below requirements have been met.

Revenue Account – All revenue received by the Authority to be used to support budgeted operating expenses.

Construction Account – Any monies received by the Authority for the cost of construction or acquisition of parking facilities.

Bond Service Account (Current Debt Service) – An amount equal to unpaid interest due on outstanding bonds payable on or before immediately succeeding March 1 or September 1, in addition to principal on said dates.

Bond Reserve Account (Future Debt Service) – An amount equal to the greatest bond service requirement of any future fiscal year.

Renewal and Replacement Account – An amount reasonably necessary, with respect to the facilities, for major repairs, renewals and replacements or maintenance not recurring annually.

Assets whose use is limited consist of assets that are held by the trustee. Assets whose use is limited, current portion consist of those funds that are used to satisfy current liabilities and obligations. Assets whose use is limited amounted to the following at December 31:

	<b>2015</b>	<b>2014</b>
General account	\$ 184,073	\$ 791,111
Revenue account	3,242,457	1,289,057
Construction account	1,079,805	1,085,724
Current debt service	5,766,852	6,101,911
Future debt service	20,546,693	20,547,853
Renewal and replacement	521,911	521,911
	<u>\$ 31,341,791</u>	<u>\$ 30,337,567</u>

**Fair Value Information**

Professional standards related to fair value establish a framework for measuring fair value, and establish a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, are used to measure fair value.

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Authority has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Authority's own data.)

The following table summarizes assets which have been accounted for at fair value on a recurring basis as of December 31, 2015 and 2014 along with the basis determination of fair value:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>
<b><u>December 31, 2015</u></b>			
Money fund	\$ 5,275	\$ 5,275	\$ --
U.S. treasury bills	13,464,516	--	13,464,516
Certificates of deposit	17,872,000	--	17,872,000
	<u>\$ 31,341,791</u>	<u>\$ 5,275</u>	<u>\$ 31,336,516</u>
<b><u>December 31, 2014</u></b>			
Money fund	\$ 4,234	\$ 4,234	\$ --
U.S. treasury bills	13,497,333	--	13,497,333
Certificates of deposit	16,836,000	--	16,836,000
	<u>\$ 30,337,567</u>	<u>\$ 4,234</u>	<u>\$ 30,333,333</u>

**6. Prepaid Operating Lease**

During 1993, the Authority entered into a land lease agreement with Robert Wood Johnson Property Holding Corporation ("RWJ"). The Authority leased the land from RWJ for 50 years with a 25-year renewal option at no additional rent. The terms of the lease, as amended, provided for an upfront lump-sum payment of \$1,636,600.

During 2001, RWJ and the Authority agreed to cancel the 1993 agreement and enter into a new lease agreement. The Authority leased the land included in the 1993 lease plus additional land. The terms of the new lease provided for an additional lump-sum payment of \$746,700 for a total of \$2,383,300. The Authority is amortizing the advance payments made to RWJ over the 75 years utilizing the present value method at an imputed interest rate of 6 percent.

During 2003, RWJ repaid the Authority \$55,221, reducing prepaid operating lease to a total of \$2,328,079, as part of the City of New Brunswick and its Board of Education's request to purchase at cost a portion of the property formerly leased to the Authority in order to expand the adjacent Health Sciences Technology Authority. The amount paid was included in the statements of net position as a reduction of prepaid operating lease as of December 31, 2003. Prepaid operating lease amounted to \$2,280,036 and \$2,283,697 at December 31, 2015 and 2014, respectively. Amortization expense for the next 5 years will be approximately \$4,000 per year.

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

**7. Deferred Revenue – Judges Parking**

The Authority entered into a lease agreement with the County of Middlesex in December 2000 to lease 28 spaces to employees of the County of Middlesex. The lease called for total payments of \$600,000 over a thirty year period, which was paid up front. The Authority is amortizing the advance payment received over the 30 year period utilizing the present value method at an imputed interest rate of 6 percent. Deferred revenue related to the lease agreement amounted to \$408,183 and \$426,263 at December 31, 2015 and 2014, respectively. Revenue from this agreement over the next five years will be as follows: 2016 - \$19,196, 2017 - \$20,380, 2018 - \$21,637, 2019 - \$22,971, 2020 - \$24,388.

**8. Capital Assets, Net**

Capital assets consist of the following at December 31:

	2015	2014

---

**13. Pension Plan**

Employees of the Authority that are eligible, participate in the State of New Jersey, Public Employees' Retirement System ("PERS"). PERS is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits ("Division"). For additional information about PERS, please refer to Division's Comprehensive Annual Financial Report (CAFR) which can be found at [www.state.nj.us/treasury/pensions/annrpts.shtml](http://www.state.nj.us/treasury/pensions/annrpts.shtml).

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

<b>Tier</b>	<b>Definition</b>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 and 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

*Employer and Employee Contributions*

The contribution policy for PERS is set by N.J.S.A. 15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. The local employers contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. During the years ended December 31, 2015 and 2014, the PERS received employer and employee contributions as follows:

	<b>2015</b>	<b>2014</b>
Employer contributions	\$ 409,698	\$ 406,554
Employee contributions	\$ 210,303	\$ 218,217
Basis for contributions		
Percent of base wages	7.06%	6.78%

**Notes to Financial Statements**  
**December 31, 2015 and 2014**

---

**GASB 68**

*Restatement*

The Authority adopted GASB No. 68, *Accounting and Financial Reporting for Pensions, An Amendment of GASB No. 27* during the 2015 fiscal year as required by the pronouncement. The pronouncement requires the Authority to record its proportional share of the State of New Jersey's net pension liability on the face of its financial statements as of December 31, 2015 and to record related pension expense in accordance with the pronouncement. In order to correctly reflect pension expense in accordance with GASB No. 68, the beginning net position of the Authority was adjusted to reflect the beginning balance of the net pension liability. Since the measurement date of the net pension liability is June 30, 2014 (as described in Note 6), the restatement adjustments to net position relate to the beginning net pension liability measured as of June 30, 2013. Also, in accordance with GASB No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, the Authority restated its net position for pension contributions made after the beginning net pension liability measurement date of June 30, 2013 (deferred outflows).

*Summary of Significant Accounting Policies*

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

The net pension liability was measured as of June 30, 2015 and 2014, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2015 and 2014. The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of June 30, 2015. In accordance with GASB 68, the measurement date shall not be earlier than 1 year from the statement of net position date, therefore, the Authority has elected to utilize June 30, 2015 and 2014, respectively, as the measurement date.

The Authority's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the years ended June 30, 2015 and 2014. At December 31, 2015 and 2014, the Authority's proportionate share and net pension liability was as follows:

	<u>2015</u>	<u>2014</u>
PERS net pension liability	\$ 46,170,131,656	\$ 38,849,838,953
Authority net pension liability	\$ 10,346,689	\$ 8,933,290
Authority's proportion	0.0224099%	0.0229944%

Pension expense, net is comprised of the following at December 31, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Proportionate share of allocable plan pension expense	\$ 678,742	\$ 459,283
Pension expense related to specific liabilities of individual employers	--	--
Net amortization of deferral amounts from changes in proportion	<u>(20,260)</u>	<u>34,318</u>
	<u>\$ 658,482</u>	<u>\$ 493,601</u>

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

At December 31, 2015 and 2014, the Authority reported deferred outflows of resources and deferred inflows of resources related to PERS as follows:

	2015		2014	
	Deferred outflows of resources	Deferred inflows of resources	Deferred outflows of resources	Deferred inflows of resources
Changes of assumptions	\$ 1,111,152	\$ --	\$ 280,911	\$ --
Differences between expected and actual experience	246,836	--		
Net difference between projected and actual earnings on pension plan investments	--	166,355	--	532,376
Changes in proportion and differences between Authority contributions and proportionate share of contributions	152,372	257,610	186,692	--
Authority contributions subsequent to the measurement date	--	--	--	--
	<u>\$ 1,510,360</u>	<u>\$ 423,965</u>	<u>\$ 467,603</u>	<u>\$ 532,376</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) related to pensions will be recognized in pension expense as follows:

	PERS	Authority Share
2016	\$ 861,409,913	\$ 203,084
2017	861,409,913	203,084
2018	861,409,913	203,084
2019	1,293,067,797	304,850
2020	730,809,712	172,293
Thereafter	--	--
	<u>\$ 4,608,107,248</u>	<u>\$ 1,086,395</u>

*Actuarial Assumptions*

The total pension liability in the June 30, 2015 and 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	2015	2014
Inflation rate	3.04%	3.01%
Salary increases from 2012-2021	2.15 - 4.40% based on age	2.15 - 4.40% based on age
Thereafter	3.15 - 5.40% based on age	3.15 - 5.40% based on age
Investment rate of return	7.90%	7.90%

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

---

For the years ended June 30, 2015 and 2014, mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback 1 year for females) are used to value disabled retirees.

*Long-Term Expected Rate of Return*

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2015 are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
Cash	5.00%	1.04%
U.S. treasuries	1.75%	1.64%
Investment grade credit	10.00%	1.79%
Mortgages	2.10%	1.62%
High yield bonds	2.00%	4.03%
Inflation-indexed bonds	1.50%	3.25%
Broad US equities	27.25%	8.52%
Developed foreign equities	12.00%	6.88%
Emerging market equities	6.40%	10.00%
Private equity	9.25%	12.41%
Hedge funds/Absolute return	12.00%	4.72%
Real estate (property)	2.00%	6.83%
Commodities	1.00%	5.32%
Global Debt ex US	3.50%	-0.40%
REIT	4.25%	5.12%

*Discount Rate*

The discount rate used to measure the total pension liability was 4.90 percent and 5.39 percent as of December 31, 2015 and 2014, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.90 percent, and a municipal bond rate of 3.80 percent and 4.29 percent as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

The following presents the Authority's proportionate share of the net pension liability measured as of December 31, 2015 and 2014, calculated using the discount rate as disclosed above as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

**Parking Authority of the City of New Brunswick**

Authority's proportionate share of the net pension liability	\$ 10,882,399	\$ 8,933,290	\$ 7,297,449

*Pension Plan Fiduciary Net Position*

Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report which can be found at the following link: <http://www.nj.gov/treasury/pensions/financial-rprts-home.shtml>.

**14. Defined Contribution Retirement Program**

The Defined Contribution Retirement Program ("DCRP") was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.P. 2007 and Chapter 103 P.L. 2007. DCRP provides eligible members, with a minimum base salary of \$1,500 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial. If the eligible or appointed official will earn less than \$5,000 annually, the official may choose to waive participation in DCRP for that office or position. The waiver is irrevocable.

The retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee and employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investments options provided by the employer.

The law requires that three classes of employee enroll in DCRP, detailed as follows:

- 1) All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may remain in the Public Employees' Retirement System ("PERS")
- 2) A Governor appointee with the advice and consent of the Legislature or who serves at the pleasure of the Governor only during the Governor's term of office.
- 3) Other employees commencing service after July 1, 2007 pursuant to an appointment by an elected official or elected governing body which include the statutory untenured chief administrative office such as the Business Administrator, County Administrator or Municipal or County Manager, Department Heads, Legal Counsel, Municipal or County Engineer, Municipal Prosecutor and the Municipal Court Judge.

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

---

During 2015 and 2014, there were no officials or employees enrolled in DCRP.

Notwithstanding the foregoing requirements, other employees who hold a professional license or certificate or meet other exceptions are permitted to remain in PERS.

**15. Payment in Lieu of Taxes (“PILOT”)**

The Authority has an arrangement with the City of New Brunswick whereby the Authority makes a payment in lieu of real estate taxes, negotiated annually, with payments due on January 1 and July 1 of each year. For the years ended December 31, 2015 and 2014, the Authority’s payment in lieu of taxes was \$4,500,000 and \$4,150,000, respectively.

**16. Compensated Absences**

The Authority maintains up-to-date records of each employee’s status relating to earned and unused sick and vacation pay. As of the years ended December 31, 2015 and 2014, the Authority has accrued \$55,944 and \$53,165, respectively, for accumulated sick and vacation pay earned and unused which is included in accounts payable and accrued expenses. Effective January 1, 2013, non-union employees will no longer have the option to receive pay in lieu of unused sick leave at the end of the year. Upon retirement in good standing, employees shall receive payment for 50 percent of their accumulated unused sick time, up to a maximum of \$15,000.

**17. Risk Management**

The Authority has contracted with the Middlesex County Joint Insurance Fund related to risks for losses related to auto, general liability, workmen’s compensation, property damage and public official’s liability. The coverage is subject to certain policy limits and deductible amounts. The coverage is designed to minimize the impact of any potential losses to the Authority for matters which may have been caused or related to the Authority or its employees.

**18. Commitments and Contingencies**

**Litigation**

*General*

The Authority is subject to legal proceedings and claims which arise in the ordinary course of business. Management does not believe that the outcome of any of these matters will have a material adverse effect on the financial position, operating results or cash flows.

**New Jersey Department of Transportation Grant**

The Authority was awarded a grant from the New Jersey Department of Transportation (“NJDOT”) towards construction of the Gateway Project. The grant award totaled \$14,000,000 to be paid equally over 14 fiscal years, which is to be appropriated and approved annually. The Authority has earned \$7,000,000 through December 31, 2015.

**Operating Leases**

*Lessee*

In addition to the leases described in Note 6, The Authority leases building and other space under various agreements with expirations ranging from month to month to June 2025. The building lease provides for minimum monthly rental payments of approximately \$23,000 per month. Rental expense for the years ended December 31, 2015 and 2014 amounted to \$560,336 and \$2,494,932, respectively.

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

---

Future minimum lease payments for the years ended December 31, are as follows:

Year	Amount
2016	\$ 276,528
2017	284,824
2018	293,369
2019	302,170
2020	311,235
Thereafter	1,518,891
	<u>\$ 2,987,017</u>

*Lessor*

The Authority leases office space to various tenants in New Brunswick, New Jersey under various non-cancellable lease agreements which expire between December 2018 and December 2035 and various month to month leases. Rental income from these leases was \$3,292,735 and \$2,707,625 for the years ending December 31, 2015 and 2014, respectively. Lease agreements which contain escalating rent are measured on a straight line basis and the associated asset (liability) is shown in the statements of net position as deferred rent. Deferred rent associated to lease agreements where the Authority is the lessor amounted to \$453,426 and \$0- at December 31, 2015 and 2014, respectively.

Minimum annual rentals under non-cancellable lease agreements are as follows at December 31:

Year	Amount
2016	\$ 3,326,687
2017	3,554,427
2018	3,552,624
2019	3,387,632
2020	3,364,622
Thereafter	26,665,125
	<u>\$ 43,851,117</u>

**Concentrations of Labor Subject to Collective Bargaining Agreement**

At December 31, 2015, the Authority had a total of approximately 133 employees of which, approximately 115 are hourly workers and 18 are salaried. Approximately 16.5 percent (19 employees) of the Authority's hourly employees are represented by a union. None of its salaried employees are represented by a union.

**Purchasing Cooperative**

The Authority entered into a purchasing cooperative in 2015 with several unrelated entities to obtain discounted pricing and better rates for purchases. The Authority is the lead agency.

**19. Related Party Transactions**

The Authority earns parking revenue from a customer for which a commissioner is the Director of Administrative Services of the Organization. Total revenue amounted to approximately \$6,677,000 and \$4,620,000 for the years ended December 31, 2015 and 2014, respectively.

The City Counsel of the City appoints the Board of Commissioners of the Authority. The City guarantees the bonds payable of the Authority (see Note 11). Additionally, the Authority pays an annual payment in lieu of taxes to the City, which amounted to \$4,500,000 and \$4,150,000 for the years ended December 31, 2015 and 2014, respectively, as described in Note 15.

**Parking Authority of the City of New Brunswick**  
**Notes to Financial Statements**  
**December 31, 2015 and 2014**

---

**20. Fair Values of Financial Instruments**

The Authority has a number of financial instruments, including accounts receivable, accounts payable and accrued liabilities. The Authority estimates that the fair value of these financial instruments for the years ended December 31, 2015 and 2014 do not differ materially from the aggregate carrying values of its financial instruments recorded in the statements of net position due to the relatively short maturity of these instruments, with the exception of the bonds payable (see Note 11).

**21. Subsequent Events**

The Authority has evaluated events occurring after the statement of net position date through the date of May 9, 2016, the date that the financial statements were available to be released. Based upon this evaluation, the Authority has determined that the following event occurred subsequent to the statement of net position date:

On January 27, 2016 the Authority refunded its series 2006 guaranteed parking revenue bond (see Note 11).

**SUPPLEMENTARY INFORMATION**

**Parking Authority of the City of New Brunswick  
 Schedule of the Authority's Proportionate Share of the Net Pension Liability – PERS and Notes to Required

**Parking Authority of the City of New Brunswick**  
**Notes to Schedule of Expenditures of State Financial Assistance**  
**December 31, 2015**

---

**1. General Information**

The accompanying schedule of expenditures of state financial assistance presents the activities of the state financial assistance programs of the Parking Authority of the City of New Brunswick. All financial assistance received directly from state agencies as well as financial assistance passed through other governmental agencies is included on the schedule.

**2. Basis of Accounting**

The accompanying schedule of expenditures of state financial assistance is presented using the accrual basis of accounting. The amounts reported in this schedule as expenditures may differ from certain financial reports submitted to state funding agencies due to those reports being submitted on either a cash or modified accrual basis of accounting.

**3. Relationship to Basic Financial Statements**

Expenditures are reported on the statement of net position as capital assets or as expenses on the statements of revenues, expenses and changes in net position. The expenditures reported in the basic financial statements may differ from the expenditures reported in the schedule of expenditures of state financial assistance due to program expenditures exceeding grant or contract budget limitations, matching or in-kind contributions or capitalization policies required under accounting principles generally accepted in the United States of America as promulgated by GASB.

## Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees,  
Parking Authority of the City of New Brunswick:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Parking Authority of the City of New Brunswick (the "Authority") as of and for the year ended December 31, 2015 and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated May 9, 2016.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

May 9, 2016

**Report on Compliance for Each Major State Program and Report on Internal Control Over Compliance  
Required by NJ Policy Circular 15-08-OMB**

**Independent Auditors Report**

To the Board of Trustees,  
Parking Authority of the City of New Brunswick:

**Report on Compliance for Each Major State Program**

We have audited Parking Authority of the City of New Brunswick's (the "Authority") compliance with the types of compliance requirements described in the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on the Authority's major state program for the year ended December 31, 2015. Parking Authority of the City of New Brunswick's major state program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for the Authority's major state program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and State of New Jersey, Department of the Treasury, Office of Management and Budget Policy Circular 15-08-OMB ("NJ Circular 15-08"). Those standards and NJ Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Authority's compliance.

**Opinion on Major State Program**

In our opinion, the Parking Authority of the City of New Brunswick complied, in all material respects, with the requirements referred to above that could have a direct and material effect on its major state program for the year ended December 31, 2015.

**Report on Internal Control Over Compliance**

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with NJ Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of NJ Circular 15-08. Accordingly, this report is not suitable for any other purpose.
